

Join us at the Dutch Pavilion during Singapore International Water Week (SIWW)

Held bi-annually, the event welcomes global leaders from business, government and academia to discuss innovative water solutions. Taking place from 18-22 June at the Marina Bay Sands Convention Centre.

This year's event features 2 distinct topics, **water technology** and **coastal and flood resilience** and is a unique opportunity for the Dutch water sector to showcase collaborative and integrated experiences on such projects as coastal and urban resilience to participants from the wider Southeast Asian region.

In addition to participating in the pavilion, the Netherlands Enterprise Agency and the Embassy of the Kingdom of the Netherlands in Singapore will host several events to strengthen existing and new partnerships including a welcome drinks and networking reception.

The costs for participation at the Netherlands Pavilion are € 4,000. Interested in taking advantage of this unique opportunity, please email Tessy Miltenburg (tessymiltenburg@pino.nl).

We hope to welcome you in Singapore.

By joining us at the Netherlands Pavilion during the SIWW, you will gain

- Visibility in the Netherlands Pavilion with a panel of 2,1H x 1,3W metres with a free space for your own artwork of 1,2H x 1,1W.
- 2 exhibitor passes for your organisation.
- Special social media posts with participating companies including logos will be shared across Partners for Water channels.
- You will be featured in an article about SIWW in a newsletter with around 800 subscribers and in an article on the Partners for Water website.
- Participants will have access to a thematic table discussion on the SIWW stage at the exhibition floor hosted by Partners for Water.
- Participants who join us at the Netherlands Pavilion in Singapore are automatically part of the mission from Netherlands Enterprise agency to Singapore IWW. Find out more [here](#).
